A workshop was held at school where students from each country presented materials they had prepared in advance on bullying and violence among children and young people in their schools, regions and countries, and on promoting mutual kindness. ## Next Station—Suceava

From Milan, our next station was Suceava. We had got an accommodation in hotel „Continentale”. British group had the same hotel too!

## Start of the Trip - To the Airport Milan

Our trip started 12.03.2023 from our home city—Pisz. We drove to the airport in Modlin, where we had fly to the Italian Airport near Milan.

Did you know, that in Romania one of the most popular bakery is „LUCA”? In this place you can buy delicious bread, croissants and traditional Romanian bread

On the second day in Romania we went to the Elementary and Secondary School complex. We saw how Romanian Students learn and in what environment they live.

## Trip to the Braşov

After we leave Suceava., we had prepared ourselves to the 8 hours trip. During the travel our group organized party, where everyone was dancing and singing! Anyway, we arrive to Brasov and we checked in the hotel „Apollonia”.
